For: METHOD AND SYSTEM FOR DISTRIBUTING UPDATES

AMENDMENT UNDER 37 C.FR. § 1.115

RECEIVED  
JUL 22 2002  
Technology Center 2400

Honorable Assistant Commissioner  
Of Patents  
Washington, D.C. 20231

Sir:

In response to the Office Action mailed May 8, 2002, please amend the above-identified application as follows:

IN THE CLAIMS:

Please **AMEND** claims 383 and 398 as follows:

316 383. (Amended) A computer implemented method for distributing software from a remote computer system to a user station, the method comprising:

31  
sending to the remote computer system over a communications network a selection of software for distribution to the user station, wherein the selection of software is selected at the user station [as a function] from a directory of software available for installation on the user station and [software] not already installed on the user station; and

receiving from the remote computer system over the communications network software indicated by the selection.
